

Why Get SET is important:

49% of adult Canadians have literacy skills that fall below high school level.*

19% function at the lowest level, where they may, for example, be unable to read the dosage instructions on a medicine bottle.*

*Statistics Canada, 2024

51% of adult Canadians score in the three lowest skill levels in numeracy.*

*Statistics Canada, 2024

They may struggle with understanding written instructions that rely on charts, numbers and if-then statements.**

**Conference Board of Canada, 2010

Only 30% of the Canadian population is "very prepared with workplace digital skills".*

*Salesforce, 2022

84% of jobs in Canada require the use of a computer and basic technical skills.**

**Brookfield Institute, 2017

*World Economic Forum, 2023

In addition to reading, numeracy and digital skills, problem-solving and adaptability are highly valued in the workplace.**
